

DRY SHAMPOO

Dry shampoo reduces hair greasiness without the need for water. This formulation contains JRS ingredients which serve for hair softening, volume extension, sebum absorption and stickiness reduction.

DS 001

Phase	Product Name	INCI	Functions	%
A	VIVAPUR® CS 9 FM	Microcrystalline Cellulose	Volume extender, Texturizer	55.0

	Perfume / Fragrance (e.g. Symrise Power Kick, 830153)	Parfum	Perfume	0.3

Formulated by JRS, Germany

Process

Mix ingredients of phase A in a suitable powder mixer. Grind the mix with a suitable mill.

Premix separately ingredients of phase B.

Add phase B into A slowly while mixing in a suitable powder mixer. When phase B is added completely, mix for another 5 minutes with high speed until the mix is homogenous.
